These franchises will be automatically extended for two additional two-year terms unless the County or the franchise holder provides one hundred eighty (180) days' written notice of termination prior to the expiration of the initial term or of either of the two, two-year additional terms.

Section 5. Establishment of Limits On Fees for Certain Residential And Small Business Solid Waste Collection, Transportation and Disposal Services

- (a) (i) There is hereby established and imposed limits on fees for collection, transportation, and disposal for residential and small business solid waste service in the amount of \$14.53 per household/location per month for curbside pickup (which includes the State Solid Waste Disposal Tax), not including a fuel surcharge fee which is adjusted quarterly based on the average price of diesel fuel during the preceding ninety-day period and determined using Exhibit A

which is attached hereto and incorporated herein by reference per household per month as authorized by the Forsyth County Board of Commissioners on May 12, 2008. This fee shall be charged for once per week collection of no more than 64 gallons of solid waste. Subscribers with additional volume shall be charged additional fees at a rate of \$5.00 per month for each additional 32 gallons of solid waste collected weekly.

- (ii) The fee for collection, transportation, and disposal for residential and small business solid waste service currently in the amount of \$14.53 per household per month shall be reviewed and adjusted by the Forsyth County Board of Commissioners in a proportional amount based on average amount of household waste in response to any increases in the tipping rate charged to franchise collectors.
- (b) Subscribers with special needs and approved documentation shall receive back yard collection services for no additional fees if the containers are not more than one hundred fifty (150) feet from a passable public road and access is free from interference from dangerous animals or other obstructions. Any subscriber requesting back yard collection must submit proof of special needs to the Department of Public Health. In its sole discretion, the Department of Public Health shall determine whether such special needs exist.

The franchise holders must comply with all applicable laws, regulations and other permits, which may be required in providing these services. Fees charged for such additional or special services may be agreed upon by the franchise holder and subscriber, subject to review and approval by the County Manager as to reasonableness if it is deemed advisable.

Notwithstanding anything to the contrary herein, the County reserves the right to award an exclusive franchise for the collection, transportation and disposal of yard waste, demolition materials, white goods, tires, and recyclable materials, or any one or more of these materials. At such time as an exclusive franchise is awarded for the collection, transportation, and disposal of any such material, all non-exclusive franchises for the collection, transportation, and disposal of the same material shall immediately terminate.

Section 7. Authority to Adjust Franchise Fees

- (a) Except as authorized by Subsection 7(b) and 9(f), the fees for residential and small business solid waste collection, transportation, and disposal services as outlined in Subsection 5 above may only be revised by action of the Forsyth
